The newest members of the **Reeds Spring Area Hall of Fame** will be inducted on April 29, 2017, at Lakewood Church on South Hwy 413, at 10:00 a.m.

Inductees for Spring 2017 are:

Jim Cummings—Servant Leader

Reta McQueary—Champion of Lifelong Learning

Richard “Dick” Sherer—Catalyst

Judy Sifford—Mighty Oak

Ken Henderson, director of the Hall of Fame, along with other volunteers and citizens, has worked to bring special recognition to “good folks doing good things,” often with long-reaching impacts for generations to come.

“Our goal is to tell these peoples’ stories and how they connect with Reeds Spring,” said Henderson. Since Nelson Holt, former Postmaster, was celebrated at his 96th birthday in November of 2015 as the first inductee, the total number of inductees will rise to 21 with this Spring installment.

The inductees are working on their stories to be told at the event, and eventually the stories of all of the members of the Hall of Fame will be catalogued at the WPA/Community Center as a resource to better understand the lives of those who came before.

All are welcome to attend this celebration of our friends and neighbors who have contributed so much to our community over the years. We especially invite current members of the Hall of Fame to welcome its newest inductees!
